

SUMMARY

I am a seasoned software developer with over 6 years of experience, specializing in fullstack web development and UI/UX design. My expertise lies in technical leadership, conducting thorough code reviews, and architecting robust solutions. I have a proven track record of spearheading critical projects, mentoring junior engineers, and ensuring code quality through meticulous reviews. I am passionate about optimizing performance, streamlining workflows, and fostering collaboration across cross-functional teams. Whether shaping architectural decisions, driving best practices, or mentoring the next generation of developers, I am dedicated to delivering excellence in all aspects of my work.
